

M2 Series Industrial Grinders & Sanders

More powerful. More versatile. Less maintenance.

Tools that do more...

... and need less maintenance. You'll get more time to work and spend less time on maintenance with the all-new M2 Series grinders and sanders from Ingersoll Rand.

All M2 Series tools feature a long-lasting 0.75 kW (1 hp) motor that's lube-free and runs cooler. Its other internal components are built to last too, for lower cost of ownership. A variety of grinder models are available with different guard sizes to fit a wide range of wheels, and the guards are easily adjustable — without a tool. Changing accessories is faster on both grinders and sanders, thanks to a spindle lock. And for maximum versatility, M2 Series grinders and sanders are available in various speeds and configurations to match the jobs you need to get done.

Get more from tools that ask less of you. Get the M2 Series grinders and sanders from Ingersoll Rand.

Durability

Lube-free, 0.75 kW (1 hp) motors run cooler and longer for less maintenance.

Rugged internal components, built to last for more uptime and less downtime.

Productivity

Speed-governed motors help maximize the life of abrasives, increasing grinder efficiency and improving productivity.

Multi-positional grinder guards adjust easily and quickly without tools, reducing downtime.

Spindle locks make changing accessories faster and easier.

Versatility

Straight and angled grinder configurations are available for increased access to a wide variety of jobs.

Different speed ratings across the full range of M2 Series tools ensure there's a grinder or sander for virtually any job.

Multiple guard sizes on grinders and a threaded arbor on sanders allow for a wider variety of accessory usage.
